Widow, Pastor Conducts Rites for Her Spouse

WOLFEVILLE (Ind.) May 2. (AP)—For the first time in the history of Indiana, so far as is known, a widow today officiated at the funeral of her husband.

The services for Cassius H. Wolfe, 69 years of age, were conducted at the small country church and the funeral home of the town.

Mr. Wolfe was a member of the First Methodist church, and the funeral was held at the home of his wife, Mrs. Wolfe, who was the widow of Mr. Wolfe.

The funeral was held at the home of Mrs. Wolfe, who was the widow of Mr. Wolfe.

Her story was strong in dissent and in affirmation. She was quite certain what she did not do, and she was quite certain what she did do.

NOAH LEFT GRAND-DAD IN RAIN

BROOKLINE Church Council, in Exhaustive Study of Why Methuselah Was Not on Ark, Finds He Died Year of Flood at Tender Age of 969

BOSTON, May 2. (Exclusive)—The Brookline Inter-Church Council after an exhaustive study of the question, "Why wasn't Methuselah with his grandson, Noah, on the Ark?" has decided that Noah left the old gentleman out in the rain, thus cutting short his years at the untimely age of 969.

The report cites Genesis 5:25 to show that Methuselah was 187 years old when Noah's father, Lamech, was born. According to Genesis 5:28, Lamech was 182 when Noah was born.

The report also cites Genesis 9:24 to show that Noah was 600 years old when the Flood came.

Totalling these figures the council found that it was 969 years from the birth of Methuselah to the time of the Flood. Then Genesis 9:27 was pointed out, which says that "all the days of Methuselah were 969 years and he died."

The conclusion seems to be inevitable that when Noah gathered together his cargo for the Ark his venerable grandfather was left out in the weather.

NORWAY'S DRY REPEAL EFFECTIVE

Expected Disorders Fail to Occur on First Day of Bottle Liquor Sales

OSLO (Norway) May 2. (AP)—Norway's change from dry to wet came into operation here quietly today, when the sale of liquor in bottles began. Thirteen stores were open at 11 o'clock in the morning and numerous customers stood in line waiting to put into effect their new-found liberty.

Though police were there to keep order and prevent crowding, they found their task an easy one, for the customers were served quickly and quietly disappeared when they had received their supplies.

Brandy and whiskey were most in demand.

The only restriction is as to the age of the purchaser, the age limit being fixed at 21, and any amount can be bought and paid for until 5 o'clock in the afternoon.

The majority of the customers today were farmers who came in automobiles from the surrounding districts, which had failed to receive licenses. Restaurants, which have been given a license to serve liquor in bottles and glasses, cannot "lift the lid" until the latter part of the month, as arrangements for sale and control have not yet been fixed with the wine monopoly.

Prohibition was abolished formally by the Storting on April 4, but extensive parts of the country still remain dry. The law regulating liquor prescriptions by physicians is still valid.

STATE LABOR BOARD MAY SUE SHOW STAR

SAN FRANCISCO, May 2. (AP)—The State Labor Board today made a decision after a hearing charges that Albrit, star in a show which canceled its engagement here, had left without paying theater employees. Witnesses said Albrit played last week at a Salt Lake City theater. Telegrams were sent to the Utah Labor Commission asking that body to urge Albrit to pay. The total of his asserted unpaid bills here, including rent, was about \$600.

POLITICIAN AND SON HELD IN LIQUOR RAID

REDWOOD CITY, May 2. (Exclusive)—Frank P. Roach of Menlo Park, once a widely-known figure in Democratic politics in this State, and his 17-year-old son Frank, a high school student, were arrested in a surprise raid by Federal agents at their home here and charged with violation of the Volstead Act. The agents reported they seized a quantity of rare wines and assorted bottles and Bourbon whiskeys.

Roach has been a candidate for Sheriff on three occasions and formerly was a constable here.

Gold or Shell Frames, Torics, Cylindrical, foveal shapes and double vision glasses correspondingly less.

Poor Eyesight is the cause of many troubles and always is a great inconvenience. Eye strain may cause Headaches, Nervousness, Squinting, Inflammation and many other troubles. Many eyes are easily corrected, while many more are not. Yours may be the latter kind, and there is where my Experience, Knowledge and Ability counts for 1 overcome those "Eyes." Don't take a chance. Have an Oculist's Examination. Give your eyes proper care now. I positively use no drops. Am very reasonable in my charges. Some of your friends are wearing glasses I fitted. I have been in one location 12 years—there's a reason.

Six Railroads Agree to Aid in Huge Campaign

National Parks Advertising Funds to be Sought

SAN FRANCISCO, May 2. (Exclusive)—Representatives of six transcontinental railroads, Pacific Coast chambers of commerce and community advertising groups, meeting together here today under the auspices of the Pacific Coast Empire Association, went on record in favor of an intensive advertising campaign to benefit the entire West Coast.

The first step taken was adoption of a resolution for representatives of western States to ask Congress for an annual appropriation of not less than \$400,000 to advertise national parks as a counter attraction to European travel.

RAILROAD PLANS

Railroad representatives agreed that they will stress in their advertising the attractions of the Pacific Coast, calling attention to the fact that California, Washington and Oregon offer a diversity of attractions not to be found in Europe.

An advertising committee was formed, consisting of representatives of community advertising groups now in existence. The committee will formulate a definite campaign of action and submit it to the organization as a whole for ratification.

It was urged that the railroads raise a separate fund to popularize the "see the Pacific Coast" idea and the matter was taken under consideration.

JINX JOLTS POLA'S PLANS

Film Star's Publicity Craving Conflicts With French
Insistence on Legal Routine

PARIS, May 2. (Exclusive)—Pola Negri and her little Georgian prince, Serge d'Elvart, were having loads of trouble arranging for the marriage knot to be tied with the usual worthy of the bride's name as a film star and her social altitude as former Countess and the Princess she is going to be.

Like most women, Pola does not carry a birth certificate. But the registers of the French marriage offices are realistic and when Prince Serge and his sweetie presented themselves today they were informed that all lady applicants had to show documents supporting their statements as to their age and place of birth. As a result a series of frantic wires were sent the tiny Polish hamlet where the film star first saw the light of day as the daughter of a wine-shop keeper.

Marriage plans are going on and the wedding in all probability will take place Saturday, a date the birth certificate fails to arrive, in which case it will be postponed.

BETTER FOR BUSINESS
Both Pola and her prince expressed a preference for a religious ceremony which is always more elaborate and better matter for the press photographs. However, they are finding a Greek Orthodox or an Episcopal clergyman willing to marry the couple, because Pola has been divorced.

They yet may be forced to do the plebeian stunt of being married by the Mayor, probably of Saranbourg, where the bride's chateau is located, although her publicity man announces that the wedding is going to be performed by the Mayor of Paris. (There isn't any Mayor of Paris because the town is divided into wards each of which boasts of a mayor, but he is hardly worthy to marry such notable.)

Old Pope Pius XI, who was a general in the late Czar's staff, cannot keep up with all the details of his son's spectacular marriage.

"I know nothing of Serge's plans, although naturally I expect to attend and give them both my blessing," he said, adding "but in my day marriage was not such a complicated business." "Just of course," said Pola, who did not have to invite photographers," spoke up David McDivitt, the youngest son, who said he is returning to Oxford Wednesday, not waiting for the ceremony.

MAE MURRAY IN BAD
George McDivitt and his spouse, Mae Murray, will arrive on the Seregia tomorrow, but they have noticed neither papa, David nor Serge, all of whom cordily declined tonight they had not the slightest intention of meeting the pair who have been so secretive about their movements. Some of Prince Serge's friends even suggest that Mae and George will not be urged to attend the wedding unless they really express a craving to do so, as it is said that Mae and Pola never were great friends.

Suspect Killed by Shot Meant for Policeman

SAN FRANCISCO, May 2. (AP)—Douglas Berrill, automobile-thief suspect, was killed tonight by a shot which Berrill's companion, Israel Berlow, was said to have aimed at Patrolman Frank Small after the officer had arrested the pair in what he believed to be a stolen automobile near Golden Gate Park.

Small reported he entered the automobile with the two suspects and ordered them to drive to police headquarters when Berlow suddenly drew a revolver from his pocket and aimed it at the policeman. Small ducked and the shot struck Berrill in the head, killing him instantly, the officer explained.

Small said Berlow tried to fire a second shot, but that he overpowered him, and, after disarming the man, took him to police headquarters.

HONOR FOR LOWDEN
Arizona to Rename Horse Mesa Dam
for Former Illinois Governor

PHOENIX, May 2. (AP)—Frank O. Lowden, former Governor of Illinois, will be honored within the coming year when Horse Mesa dam, a link in the chain of Arizona irrigation reservoirs and power projects, is officially named Lowden dam. This announcement was made tonight by governors and councilmen of the Salt River Water Users Association, who have forwarded an official invitation to Mr. Lowden urging that he deliver the dedicatory address.

The former Illinois Governor is a regular winter visitor to Arizona, and recently purchased a large tract of land under the Horse Mesa project, which, it is said, he plans to develop.

**LOS ANGELES BOYS
HELD IN BAY CITY**

SAN FRANCISCO, May 2. (AP)—Andrew Maquis, 19 years of age, and Eugene Smith, 22, were held today for Los Angeles police on the charge of automobile stealing. The pair arrived here Sunday night in a car said to have been stolen. Shortly after midnight they are said to have held up Marko Rectorovic, whose shouts attracted the police and led to the arrest of Maquis and Smith.

Chamberlain Defines British Aim in Balkans

LONDON, May 2. (AP)—Sir Austen Chamberlain, British Foreign Secretary, made a lengthy statement in the House of Commons today regarding the relations between Italy and Yugoslavia.

His sole aim, which he was confident was recognized by both the Italian and Yugoslav governments, had been, he said, to remove all possible causes of friction and to promote frank and full discussion between Rome and Belgrade.

The British government, he added, has no other interest but the promotion of peace, and has no intention of taking sides in the controversy.

ANNOUNCEMENT DATE SET
WASHINGTON, May 2. (AP)—The Supreme Court announced today it would adjourn the present term on June 8, next. It will be in session for delivery of opinions on the 18th and 21st inst., and June 6, but will receive motions for admission to the bar only after the 31st inst.

PREPARE FOR TOURISTS
LONDON, May 2. (AP)—Hotel proprietors expect 30,000 Americans to visit England this summer and are getting ready to receive them. They expect the Americans to spend \$100,000,000.

VIOLET RAY FISH'S PAPA

Machine Functions as Father in Experiments With
Sperm at Chicago University

CHICAGO, May 2. (Exclusive)—With ultra violet ray machines functioning as a father, experts in the laboratory of the University of Chicago have been able to stimulate life from the sperm of starfish. As a result of the experiments several little fatherless starfish are wiggling about, doubtless unaware that their male parent was merely a machine.

Drs. Ralph Lillie and M. A. Hirst, any creation of life involved in the experiments conducted the tests and had success not only with the starfish, but with sea urchins as well. Enthusiastic over the results obtained, they now hope to stimulate life without male fertilization in higher forms of animals.

"We placed the eggs of the sea anemone, which had never had male fertilization, under the ray of an ultra-violet machine," explained Dr. Hirst. "In from five to ten minutes the egg became a swimming fish larva. This stimulated the male entirely."

However, the mechanical fathers did not do as good a job as the real parent, the scientists admitted. "Curious deformities were produced through the ultra-violet ray method of fertilization," they said. "The fish grew with one eye, two mouths, or four hearts—never in normal manner." The scientists denied there was

NASH Announcement!

This was the greatest April Nash ever had in Southern California! Nash sales so far this year greatly exceed sales for the same period last year—and 1926 was the greatest year in Nash history. Nash sales in Southern California for a little more than eleven months of 1926 were greater than the total Nash sales in the same territory for the two years of 1924 and 1925 combined.

If you are contemplating the purchase of a car in the Nash field (ranging in price from \$1030 to \$2370 delivered here—26 models to choose from) you cannot afford to forego investigating our policy on trade-ins, made possible by our ability to successfully handle used cars in volume.

**Bring your present car in to us and
have us place a valuation upon it.**

Note: Many persons who had previously felt they could not secure genuine motoring satisfaction for less than \$2500 or \$3000 have found in the Nash Advanced Six models a maximum of power performance, beauty of line, comfort, safety and dependability at prices from \$1575 to \$2370 delivered here, without loss of prestige and at a considerable saving.

**We Want You for Our Customer.

POMONA COLLEGE (Claremont) victories just previously. The Blue pastimes are still tied in second place and should they win over La Verne tomorrow, will have that position all to themselves. It will be the fourth game on their schedule. As a matter of fact, Merritt's men should thump their rivals with some ease, having pushed over several harder teams than this already. However, Pomona was favored over U.C.L.A., also, and failed to come through.

Frank O'Doul Holds Lead; Only 400 Hitter in Loop

Duck Sluggers' Average Soars to .396 Mark

Ray Jacobs Tops Angels With Wally Hood Next

Elmer Smith, Portland outfielder, improved his batting average .34 points last week and will slip into the series against Hollywood at Wrigley field sporting a .394 mark. He is listed second to Frank O'Doul among all hitters of the Coast League circuit. O'Doul is the one remaining 400 hitter. While collecting ten safe hits during the week, Elmer Smith failed to add to his home-run record. He has eight to his credit for the season. He batted out forty-six last year. "Bum" Arlett, Oakland, leads in home-run hitting with ten. Hank Severid, Sacramento, fell off nearly 100 points during the disastrous series with Oakland. Severid now holds third place with .323. Paul Strand, another player who will appear with the Portland club, is listed fourth in the averages with a mark of .322. Fud Purdy, Seattle, is listed fifth with .322.

Several Hollywood players came into the 300 class during the week. Sweeney is hitting .321. Murphy, .320. Kerr, .319 and Frederick, .318. The team has advanced its average 70 points in three weeks.

Ray Jacobs tops the Angel hitters with .332. Wally Hood is close behind with .348. Dick Cox is batting .323.

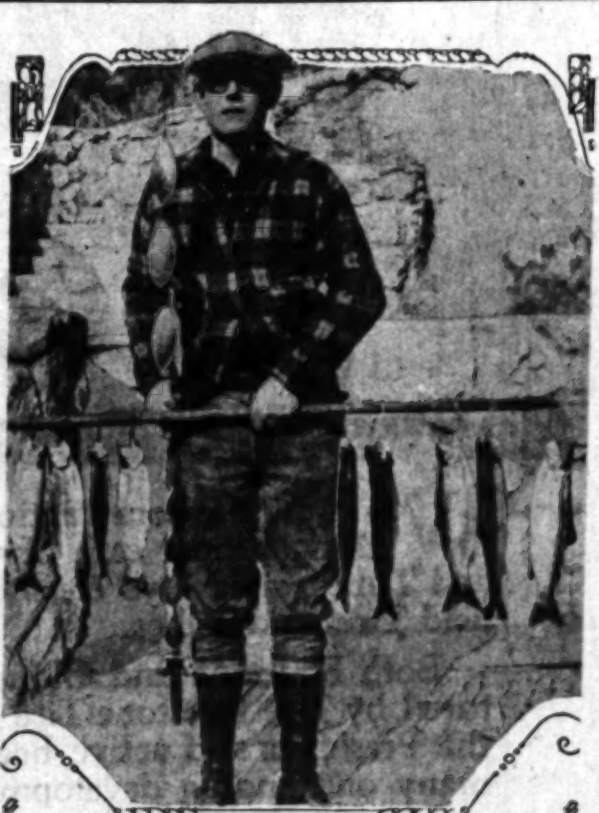

Purdy, Seattle, and Monroe, Sacramento, have been to bat 136 times. Cooper, Sacramento, has scored thirty-five runs. Purdy, Seattle, has made fifty-two safe hits. Jacobs, Los Angeles, leads in two-baggers with fourteen. Purdy, Seattle, leads in stolen bases with seven.

Sacramento tops all clubs in batting with a .397 mark. The following figures, compiled by Leo Moriarty, include all games played to date:

FIRST WITH THE LIMIT OF TROUT

Here's Dave Davis, who has the honor of catching the first limit of trout in Southern California. He was fishing at Lake Arrowhead and at 6:15 o'clock Sunday morning turned in ten fish, weighing approximately ten pounds. He used a No. 1 Dave Davis spinner to bag the fish in exactly one hour and fifteen minutes. Photo below shows the catch and catcher. Otis Rowland, fishing expert of the William H. Hoopes Company, declares that the mountain lake at Arrowhead reports better fishing than any other source.

The Pirates started like madmen in an attempt to make a goal, but they were unable to get by the stonewall defense of the All-Stars.

During their skating rally Westworth of the Pirates collided with Abby Newell and he received a bad cut from Newell's skate.

WHITE MYSTERY NINE
DEFEATS OILERS' TEAM

The White Mystery scapers defeated the strong Standard Oil club at Bakersfield Sunday in ten innings of baseball by a 5-to-2 score.

Wally Knox, pitching for the White Mysteries, opposed Bobby Hurst of the Standards, the former allowing six safeties and the latter ten. The Standards led 1 to 0, going into the seventh when the Scapers tied the count, and after both clubs had scored one in the eighth the Scapers battered out three more tallies which proved sufficient.

DIRT-TRACK RACE AT BAKERSFIELD SUNDAY

Promoters Newton and Marow yesterday signed several local dirt-track drivers to compete in the 100-mile race to be staged at Bakersfield Sunday. Lou Moore, Fred Cooper, Ernest Triplett and several other knights of the open throttle, who have been setting a dazzling pace at Azusa, have agreed to take their cars over the Ridge Route for the event.

The Bakersfield oval is in wonderful shape, according to the promoters, and with more than fifteen fast cars from the north entered to compete with the Los Angeles drivers, the track record held by Frank Lockhart is expected to be broken.

SEEMAN AND WHALEN GIVEN CLEAN SLATES

SAN FRANCISCO, May 2. (P)—Solly Seeman of New York and Russ Whalen of Chicago, lightweight boxers who were thrown out of a ring here Friday for putting up a poor fight, had their purses and standing restored to them today by State Boxing Commissioner Traung with the stipulation that they each donate \$100 to the Mississippi relief fund.

To make the agreement "sporting" Traung and Frank Schuler, the matchmaker, also agreed to donate \$100 each.

KEN PINNEY LEADS REW IN POMONA VOTE

POMONA COLLEGE (Claremont) May 2. (Exclusive)—Ken Pinney, the blond Pomona sprinter, led Willard Rew, classy quarter-miler and track captain-elect, in the voting for student body president here today. An unofficial count gave Pinney 223 to Rew's 186. The voting is not over yet, however. Reports were current that the election would run so close as to necessitate a rerun. Inasmuch as neither candidate would receive a majority, there being a third man in the race.

POMONA FRATERNITY NINES MEET THURSDAY

POMONA COLLEGE (Claremont) May 2. (Exclusive)—Clashing for the undisputed lead in the intramural baseball race, Sigma Tau and Phi Delta baseball clubs meet Thursday. Both squads have a spotless record, winning five straight games, so somebody's perfect average is going to be spoiled. Walt Shannon and George Guyer, will probably form the Sigma Tau battery. Bob Burgett and Tom Roberts are the Phi Delta mainstays.

WILLIS ON HAND FOR LEGION GO

Cowboy Jack Arrives from San Francisco With Tim McGrath

Jack Willis and his manager, Tim McGrath, are in Los Angeles, having arrived from San Francisco, where Willis and McGrath make their headquarters. Willis is booked at the Hollywood American Legion Stadium this week as one end of the featured attraction.

Young Everett Strong of Nebraska, who has been doing all his fighting in California for more than a year, is getting a fling as a big-league main eventer. Strong isn't getting any soft touch when he swaps punches with Willis. The San Francisco middleweight is so good that Bert Colima never wants to fight him again. Colima hit the canvas more times when he fought Willis than he did against Mickey Walker.

The Hollywood card has a whole arsenal of TTT rolled up in five fights. The main event offers a slug-fest match and so does the semi-wrap-up, where Jackie Spencer and Dallas Bateman will do the milling.

Big boys are in the special event. Herman Ascherbach is an improved fighter. He had a few fights at the stadium two years ago. Since that time he has developed a sock and learned a lot about the right racket. He meets Billy Clark Friday night.

GILBO LEADS FISHERMEN

Yosemite (Cal.) May 2. (P)—U. N. Gilbo, Fresno fisherman, holder of last year's Yosemite fishing record, led the field here today with a catch of eight trout. He was closely followed by Jack Orenner, local fisherman, with seven fish in the creel.

GOLF CLASSIC DRAWS WOMEN

More Than 300 Expected in Annual Invitational

New State Champ. Carries Home Club Banner

All Entrants Guests of Tourney Sponsor

BY BILL WIRE

Mrs. Dan Jones, women's California State golf champ, will be the guest of honor in the fourth annual Harry Ham Invitational, expected to draw a record entry of more than 300 feminine contestants to the Brentwood Club, today's luncheon, to be served in the club house. The Ham affair has come to be one of the most enjoyable on the local auxiliary program and will be a real warming up test for the ranking golfers who will qualify in the southern championship at Hillcrest, the 16th inst.

All entrants are guests of the tourney sponsor—in the matter of entry fee and in the more appetizing manner of a special buffet lunch, to be served in the club house. The Ham affair has come to be one of the most enjoyable on the local auxiliary program and will be a real warming up test for the ranking golfers who will qualify in the southern championship at Hillcrest, the 16th inst.

The battle for tourney low gross should be between Mrs. Dan Jones, a member of the Brentwood club, and Mrs. Harry Fessler of Hacienda, runner-up in the State title event, Miss Kathleen Wright, Mrs. Gregg Lifford—and, in fact, every woman golfer in Southern California will be invited in the field.

Play will be in foursomes. Starting times must be observed, but all entrants will be taken care of at the caddy house. Missing the Ham affair at Brentwood today is missing the opportunity to play in the greatest women's invitational event in the country.

JUDGES TO CLUTTER UP BANNING TRACK
Confronted with a very serious situation, American Legion officials at Banning, who are staging the world's dirt-track championship auto races on Memorial Day, decided last night to have twenty extra judges stationed around the Legion Speedway during the thirty-lap Lefty Flynn race, which calls for 500 points, bag of gold and the Flynn trophy emblematic of the yearly championship.

Six of the greatest dirt track speed kings in the country are all bunched up in the points system. Low Moore leads with 700 points, the others in the running are Mel Knealy, Dale Spence, Speed Hinchey, Johnny Vickers and Barney Klorger.

COLLEGE STARS GOLF AT GIRARD

More than two score students in local universities will qualify eighteen holes tomorrow, in the first Southern California intercollegiate championship golf tournament, to be staged over the Girard course. First and second-round matches will be played Thursday and Friday, with semifinals and finals Saturday. L. D. Sale, president, and Jess Puryear, club manager, have offered trophies for the affair that promised to become an annual fixture on the local program.

PRO GOLF STARS AT WILSHIRE

Morrison Scores 67 to Lead Big Guns Medalling for Gold and Glory

Fred Morrison of the Ojai Valley Country Club, most famous member of the popular family that also boasts of a son, a son-in-law, and a son-in-law, slipped over to Wilshire yesterday and scooped a neat 67 to tie the course record and win the first money in the professional tourney.

Ed Dudley, of the Hollywood Country Club, the most popular newcomer in a golfing decade, finished one stroke back of Morrison, with a 68, three strokes under par and also three strokes under Art Ross, Dick Linares and Charley (Cholly) Gussie, fastidious Lakeside professional, who scored 71 to tie for second.

Woe Willie Hunter, Brentwood's popular California "open" champ, also local P.G.A. chief, George Kerrigan and Harry Fessler, the latter the hardest-working pro association chief in captivity, chalked up 72s—strokes out of the money, but very creditable scoring for the layout.

Little Vic Owens of the Royal Palms club, started dropping bombshells at Wilshire early yesterday morning when he holed a long putt on nine for a 31, a new course record for the first half. Vic slipped up to a 36 coming home, for a 67 to tie with Allen Moor and Dick Linares, for course-marks honors. Morrison duplicated the feat in competition yesterday afternoon.

The five turnout yesterday was a tribute to a revamped pro golf season. The paid-to-play boys have California's golf future in their hands and watching a group in action is better than a lesson. Woody Wilshire caddy master, said the condition of the course late yesterday afternoon, greatly resembled any local city street, except that the professional golfers invariably replace all divots, which City Parks men do not.

The same boys will play at El Cerrillo next Monday. Low scores yesterday were as follows: Jack Tarant, Tom Stevens, 71; W. Hutchinson, Ois Sebastian, Larry Kelly, Jim Casselle, Vic Owens, 74; Joe Martin, Charlie Chung, 76.

Why Firestone Dealers Serve You Better and Save You Money

WE know tire construction—tire and tube values and how to assist you in taking proper care of your tires. We sell Firestone Gum-Dipped Tires and Tubes which we consider the best made. We also sell and service Oldfield Tires and Tubes.

Both Firestone and Oldfield Tires are scientifically designed and manufactured by The Firestone Tire & Rubber Company. Mr. Harvey S. Firestone is the President and active head of the Company and under his management many outstanding developments and improvements for economy, safety and comfort in tires have been made. He is the acknowledged leader in lowering tire costs and fought almost a lone battle to secure lower crude rubber prices from a foreign monopoly. He has saved and is saving millions of dollars every year for car owners.

With the many great developments and improvements in tires manufactured in the most modern and efficient Firestone Factories, having a capacity of 45,000 tires and 50,000 tubes per day, and with the Firestone policy of selling and distributing direct to dealers through 148 Factory Branches and Warehouses, we not only receive fresh, clean stocks of tires but the highest quality and most uniform product at prices which are the lowest in the history of the industry.

The result of this economy in the Firestone Factories is uniform high quality products at low costs which we in turn pass on to our customers. Our service also includes the most modern and efficient equipment for repairing tires and tubes, which places us in a position to serve you better and save you money.

AUTOS CLIMB AS DEATH MEDIUMS

New Record Hung Up in State for Motor Fatalities

Tuberculosis Still Leading Cause of Demise

Suicides Total 1118 With Gun Most Popular Means

SACRAMENTO, May 2. (AP)—The automobile hung up a new record as an instrument of death in California last year.

Figures made public today by L. E. Rose, statistician of the State Board of Health, disclosed that the lives of 1623 Californians were snuffed out in accidents in which a motor car was involved—highway wrecks, crossing trashes and other collisions. This number compares with 1484 automobiles deaths in 1925 and 1964 in 1924.

Deaths from all causes last year reached the total of 34,744, which is a rate of 14.3 per thousand. This rate is an increase of one-fourth over the preceding year, when there were 24,707 deaths.

The white plague continued the most potent agency of death—taking 8794 lives—but was closely pressed by cancer, which took 8628. Heart disease and other ailments of the circulatory system were responsible for 12,328 deaths.

Eleven hundred and eighteen Californians died of living and ended their lives, as against 1100 voluntary deaths in 1925. Firearms were the favorite weapons of the suicides, 897 using that means, while 291 were self-gassed and 198 took poison. Twenty-five leaped from high places with fatal results.

There were 297 suicides, including three infanticides. Of those deaths, guns were used in 240 instances, while cutting was the next most used method, with 28 deaths responsible therefrom.

TWO SHEEP "TRANSFORMED" INTO CATTLE, HORSES, AUTO

PHOENIX, May 2. (AP)—The United States government, acting as guardian for Little Silver Smith, Mrs. Little Silver Smith and their daughters, Jane, Mary and Ann, has instructed its attorney for this district to file an appeal from the order of District Judge Jacobs, which recently dismissed the Indian family's tax suit against the Board of Supervisors of Apache county.

The Silver Smith live stock ranges the county, and in 1925 they were assessed \$95 in taxes by the county on 1000 sheep, 150 head of cattle, 150 horses and one automobile. In protest they contended that this stock was the natural increase of the two sheep granted to the head of each Indian family in 1870 by decree of the government at Fort Defiance, and therefore, "those sheep, their issue and every bit of property brought with the proceeds of those sheep, belong to the United States."

Judge Jacobs dismissed the case for lack of specific evidence concerning the genealogy of the particular sheep belonging to the Silver Smiths fifty-five years after the Fort Defiance order was promulgated, and it is from this order that the appeal is being taken.

A transformation, counsel contended, had been wrought when two sheep given to Little Silver Smith by his father became converted by natural increase into one automobile and a drove of horses.

McCormick and Bride Hasten to Blarney Stone

QUERENTOWN (Ireland) May 2. (AP)—On landing on Irish soil today, Cyrus McCormick of the International Harvester Company, and his bride, formerly Miss Alice M. Hoff, determined to lose no time in going to see one of Ireland's most popular attractions—Blarney. Instead of proceeding to the Cork Hotel, for which their baggage was labeled, the couple took a fast automobile to the famous kissing stone.

Later they went to Glengarriff, a beautifully situated health resort on Sundry Bay, where they arrived this evening with the apparent intention of making a stay of some duration.

ACCIDENTAL SHOOTING KILLS HAYWARD MAN

SANTA CRUZ, May 2. (AP)—Conrad Hawley, Hayward business man, died in a hospital here today as a result of a bullet wound through the head accidentally inflicted yesterday when a pistol fell from his pocket.

France Menaced by Communists, Says Poincare

PARIS-LE-DUC (France) May 2. (AP)—France is facing grave danger from Communist agitators seeking to undermine the discipline of the army and the surety of the state, Premier Poincare told members of the General Council of Meuse Department today. The government, he declared, was determined to repress these activities energetically.

"We rely firmly upon the support of public opinion," he said. "France is not a field for experiments open to Bolshevik imperialism."

Discussing disarmament, he denied France had any imperialistic designs.

Attractive floors at low prices

".....the cleverest thing I ever heard of, Dick. Trust Peggy to realize what a smart effect she'd get by covering the old floor with inlaid linoleum. Such soft, pretty colors too. I can hardly believe it's not expensive."

YOU CAN BE SURE of value—of life-long satisfaction—in linoleum if you follow this dependable purchasing guide: Look for the Gold Seal shown above pasted on the face of the goods!

COVER the worn boards with smart, colorful GOLD SEAL INLAIDS. Then your floor troubles are ended forever.

GOLD SEAL INLAIDS are permanent floors of ground cork, linseed oil and burlap—genuine inlaid linoleum. They put an end to expensive refinishing, because the colors are inlaid through to the sturdy back. Occasional waxing is all they ever need.

And beautiful! No end of lovely color-combinations! Rich or dainty—made doubly charming by the delicate Belfor mottling. Solid-colored effects, too. All low priced!

No wonder decorators and architects

recommend GOLD SEAL INLAIDS for both new homes and old! Whatever the room—from period library to cosy kitchen—there are GOLD SEAL INLAID patterns to provide a beautiful, permanent and sanitary floor.

There is no bigger value in modern flooring than the new and improved GOLD SEAL INLAIDS. The smooth, satiny finish of these goods, their leathery flexibility, stamp them as inlaid linoleum of the highest quality.

Note: Right now Nairn dealers are displaying GOLD SEAL INLAIDS. These are reputable merchants who are equipped to lay this flooring quickly and satisfactorily.

When buying INLAID LINOLEUM insist upon NAIRN GOLD SEAL INLAIDS

Remember that GOLD SEAL INLAIDS do not absorb dirt—have no cracks or crevices in which dust and germs can collect. A light, easy mopping makes the surface sanitary and immaculate.

To give an air of distinction to the business office, shop, showroom, restaurant, there are GOLD SEAL INLAIDS, Gold Seal Jaspé Linoleum, Gold Seal Plain and Battleship Linoleum.

I need Sleep to Give me Energy and Energy to Give me Sleep

...and I Get Both with Thompson's Chocolate Malted Milk at home

"By the time I had finished my housework and shopping in the daytime I was too tired to rest. And by the time I had finished my usual bridge game at night I was too tired to sleep. [And don't ever let anybody laugh at insomnia. It's a terrible thing.]

"Now when I get home from downtown in the daytime I make me a glass of Thompson's Sweet Chocolate Flavored Double Malted Milk. That gives me the energy to go on with the day. And after the last rubber of cards at night I make a glassful for everyone. They all love it. They call me the new kind of 'bar keep.' The moment they have gone home I go straight to bed and sleep like a top. My whole crowd now has the Thompson habit."

The secret of Thompson's [and Thompson's] is made by a secret process is so simple when you understand it. Thompson's gives instant energy because it is so quickly digested. And Thompson's gives instant sleep because it helps so quickly to digest other foods in the stomach. So on an empty stomach you

get quicker energy and with a full stomach you get quicker rest.

By a secret process of making Thompson's Malted Milk, the vitamins are not destroyed, and the activity of the enzymes which help to digest other foods is retained. Thompson's digests many times its own weight of other foods.

You'll Love It Made at Home and It Will Help You

Now that Thompson's is so easily made at home, the Thompson habit is becoming nation wide. It is so good as well as so good for you. Just put two teaspoonfuls into a shaker or mason jar, pour in the milk, hot or cold, shake for half a minute and serve.

LIQUOR VESSEL ORDERED HELD

Release of Federalship Not Yet in Sight

Gen. Andrews Countermands Clearance Permit

New Panama Negotiations Cause Assigned

SAN FRANCISCO, May 3. (Exclusive)—Diplomatic complications which have enmeshed the seized liquor carrier Federalship, continue. While members of the legally freed crew swabbed decks today and the stokers cleaned out the engine-room preparatory to firing the boilers for a trip to sea tomorrow, members of the Coast Guard remained aboard, with orders to keep the ship from leaving port.

The latest tangle in the Federalship's affairs came late today. Collector of Customs Hamilton received a seven-word telegram from Gen. Lincoln C. Andrews at Washington to hold the vessel "pending further negotiations with Panama." The wire was a distinct surprise, as word had been received Saturday to turn the ship loose. Coast Guard officers were aboard preparing to accompany the Federalship to sea when the new order came.

United States Attorney Hatfield, who is legal representative of the Customs Department, was frankly surprised at the latest turn of events, but said there was nothing to do but obey orders. He said he had no idea what the further negotiations with Panama were about.

The Federalship, when seized March 1 nearly 300 miles at sea with 12,500 cases of liquor aboard, was registered as a Panamanian ship. It was accused of attempting to smuggle liquor into California, with spurious clearance papers for Buenaventura, Colombia, to disguise its real mission.

Members of the crew subsequently were ordered released by Federal Judge Bourquin. Panama then took the vessel's registry away from it, according to reports here, but that nation then reconsidered and asked the United States to release the ship.

San Diego Flyer Going East for Trans-sea Hop

SAN DIEGO, May 3. (Exclusive)—Capt. Charles Lindbergh announced today that he would start for St. Louis the latter part of this week, making final preparations there for the hop to New York and the final long hop to Paris which will take, he estimates, from thirty-six to forty hours.

Lindbergh says he is in no hurry to get away now, as he is the only American aviator who has complied with the National Aeronautics Association regulations governing the awarding of the \$25,000. Orteig prize for the first pilot to fly across the Atlantic Ocean.

REVIEWS REFUSED TO SAN FRANCISCO MEN

WASHINGTON, May 3. (P)—George Appell and Charles I. Daniels, convicted at San Francisco on the charge of giving \$2500 to William J. Jordan, a prohibition agent, with the intent of bribing him, were denied reviews today by the Supreme Court.

TRIAL OF CULT "OMAR" BEGINS

Alley Before Court in Love School Raid Case

Son and Girl Involved Give Conflicting Testimony

Two Women Still Fugitives on Other Charges

OAKLAND, May 3. (Exclusive)—The Sacred School of the White Brotherhood, disrupted several weeks ago when officers raided it as an illicit love cult, went into session again today before Superior Judge Gray. Russell Alley, who held the title of "Omar" in the school's hierarchy, now 18, but only 17 at the time the complaints were drawn. According to police, the Alley youth and the girl were to be developed into superman and superwoman under the tutelage of Mrs. Gertrude Wright, and the expected result of the union was to be the new Messiah.

Although the sister Alley, his son and the girl all "studied" from the same book in the so-called sacred school, they all arrived at different results, judging from testimony today.

Alley, Sr., declared his son and the Marwin girl had never remained overnight in his apartment, as charged. The girl, however, testified she had remained there twice with young Alley. She denied relationship other than that of "brotherly and sisterly" conduct.

"We were just good friends," testified young Alley when he took the stand. He was shown a copy of a statement made to detectives when he was being brought back to Oakland from Los Angeles, in which he admitted staying with the girl.

"That is true," he declared. "But we were innocent of any wrongdoing."

HEAVY LOCOMOTIVES BASE OF WAGE PLEA

CHICAGO, May 3. (P)—Switchmen today told the Federal arbitration board hearing the wage controversy between Western roads and 60,000 employees their reasons for asking a 7 1/2 per cent wage increase. Heavier locomotives which conductors have sold the arbitrators increased their responsibilities because they added to the number of cars hauled in freight trains, also have given the switchmen more work and hence increased their responsibilities, witnesses said.

Taking The Cunard Liverpool Route To London

It's the regular thing with those persons whose standing has that "from generation unto generation" assurance.

They prefer the quiet exclusiveness of the Cunard Liverpool ships.

They know that in the salons . . . as restful and well decorated as their own drawing rooms . . . they meet people who might be their own guests.

They know that the food is a delight to the epicure . . . a la carte, at no extra cost . . . because it's Cunard.

With that sense of values which distinguishes them, they know these are first class ships . . . and that their rates are moderate.

And finally they know the pleasure of motoring from Liverpool through rural England . . . the Dukeries . . . Cathedrals . . . Shakspeare . . . Oxford . . . down to London.

BRITISH WAR ON UNIONS OPENED

Struggle Begins in Commons Over Antistrike Bill

Laborites Try to Hoot Down Attorney-General

Government Stands Pat on Passage of Measure

LONDON, May 2. (P)—The great struggle over the fate of the government's "trade disputes and trade unions bill" began in the House of Commons today in a superheated atmosphere which led to excited scenes.

NO RACE SUICIDE IN KENTUCKY

Champion Grandfather Has Total of 178 Living Progeny

BALYERVILLE (Ky.) May 2. (Exclusive)—This mountain county of Kentucky offers a man who is believed to be the champion grandfather, Isaac Risher, who is 75 years of age, lives on Purchase Creek, and is a member of the Magonin County Board of Tax Supervisors. He is the father of fourteen children, of whom thirteen are living. He has 166 grandchildren living, being offspring of ten of his children, and he has fifty-four great-grandchildren.

Measures of labor unions, a noticeable feature of the debate every day since the bill was introduced, was the sense of severe restraint which seemed to be upon the ministerialists, who, in the face of the coming campaign, had evidently decided to refrain from deliberately provoking the opposition.

No such reserve, however, characterized the opposition's side of the House. The verbal thrusts aimed at Sir Douglas by the Attorney-General, while the most challenging arguments of John Robert Clynes, who led the labor forces, in meeting its rejection received a quiet hearing.

The interruption began the moment Sir Douglas started to speak, and soon rose to a roar of bores and jeers and burst of satirical laughter, which rendered his performance inaudible. All this time the supporters of Sir Douglas, unwilling to be goaded into retaliation, remained silent.

"Less, rubbish, nonsense," yelled the Laborites at the great hissing point the Attorney-General attempted to elucidate, and when he quoted from the Bible, cries of "Bible, Bible" arose. He stuck to his task in a grim spirit of duty as he stoutly maintained that it would be the responsibility of any government to protect the community from the menace of a general strike.

The verbal thrusts aimed at Sir Douglas by "Jack" Jones, the fiery Laborite from West Ham, tried the speaker's patience to the breaking point, and after repeated warnings Sir Douglas ordered Mr. Jones to retire.

The burly member continued to harangue the House as he departed, but the speaker was so great his remarks scarcely could be heard.

The Attorney-General declared that the government would resist to the utmost any attempt to defeat the main principles of the bill, but it was prepared to consider amendments to remove ambiguities or defects.

The bitterness of the Laborites was indicated by the manner in which they quizzed the ministerialists. Sidney Webb and Philip Snowden, former Chancellor of the Exchequer, added their voices to the general heckling from the radicals on the back benches, in which the Scotch section predominated as the Clyde side delegation got into action.

Mr. Clynes, moving rejection of the bill, intemperately charged that Sir Douglas in his "unbearable and embarrassing" task. He insisted that the government had no mandate to propose such a measure, which he characterized as a new bill to prevent unemployment among the laboring classes.

Mr. Clynes continued silent on whether he intended legally to stabilize the franc at the present quotation of twenty-five to the dollar, he indicated he plans to hold it at the present level for some time.

The Premier repeated the Communist attack, attacked Russia's intrusion into France's domestic affairs and warned Moscow of drastic measures if it persists in meddling in French affairs.

ANNOUNCEMENT CHECKED—But the crux of the speech was the declaration of the government, despite the warning of their vast cost, that the government would not be deterred by the financial difficulties of the northern frontier opposite Belgium and Luxembourg because these countries were protected by neutrality agreements which Germany had signed. Since the "war of paper" incident and Belgium's decision not to fortify even the Meuse crossing because of the tremendous expense and possibility of invaders violating the Dutch neutrality in Limburg Province, the French general staff repeatedly has demanded that the government safeguard the northern gateway and modernize the eastern gates at Verdun and Toul and the former German fortresses at Metz, Belfort and Strasbourg.

The plan also envisages the establishment of fortified works straight south to the Mediterranean, including the Alpine region along the Italian boundary, which in the winter was heavily reinforced with French troops, artillery, tanks and armored cars, when conditions of peace were roasting along the Italian side and threatening to make incursions into French territory.

FRENCH OUTLINE VAST FORT PLAN

Frontier Fortification to be Begun at Once

Program Involves Outlay of Billions of Francs

General Council Applauds Premier's Announcement

PARIS, May 2. (Exclusive)—France intends to begin immediately the construction of a vast system of fortifications to protect its frontiers. The 1928 budget, which has been practically completed for submission to Parliament, provides a huge sum for building a series of fortresses at strong points. These are to be linked up with earthworks, strategic highways, railways, airdromes, battery emplacements, troop assembling shelters, and other appurtenances that were demonstrated as necessities in the great war. Conservative estimates place the cost of these fortifications at billions of francs.

Premier Raymond Poincare revealed the government's intentions during a speech before the general council of the Mouvement Radical, the largest of the French political parties, at Bar-le-Duc this afternoon.

PLAN CREATES SURPRISE—The announcement of the plan to begin fortifying at once created great surprise as, while the general staff since the war has consistently demanded security from another German onslaught across Belgium, it was believed that political circles preferred to wait another ten years or so before there was no likelihood of an imminent conflict.

A series of giant forts like those built along the east—Belgium, Metz, Toul and Verdun—will be constructed along the north frontier and through the Ardennes.

Besides the enormous credits for reconstructing the devastated regions, 1 must inscribe items for applying military measures, which must precede the reducing of the military training to one year, for the reconstruction of our province supply and defense measures on the frontiers," M. Poincare said.

The speech, which was considered the most important which the Premier had made since last summer when he became head of the government, reiterated the familiar complaints against Germany's failure to execute the Versailles Treaty and disarm faithfully, and declared France does not expect further reparations than the Dawes plan provides.

The Premier threw a broad hint to President Coolidge on France's attitude toward the naval conference. "We cannot sacrifice the independence, rights and guarantees conferred by treaties, and as France is a maritime, as well as a terrestrial power, it must conserve on the sea, as well as on land, the means of defense against aggression," he said.

Ignoring the American and British debts, Premier Poincare traced the bettering of the country's financial affairs since the war. He warned the people that they must accept heavy sacrifices in the form of taxation, but assured them the 1928 budget will not provide additional imposts.

M. Poincare continued silent on whether he intended legally to stabilize the franc at the present quotation of twenty-five to the dollar, he indicated he plans to hold it at the present level for some time.

TWO HOMES MADE HAPPY

By Women Who Used Lydia E. Pinkham's Vegetable Compound

"I have taken Lydia E. Pinkham's Vegetable Compound and I think it is the most wonderful medicine I ever tried," is the statement made by Mrs. Goldie Shoup of St. Joseph, Mo., who writes that after taking the compound she is in better health than before.

Mrs. J. Starnes of 29 Lane Street, Paterson, N. J., writes: "I can not speak too highly of your medicine and I recommend it to all my friends."

These statements were taken from two enthusiastic letters which tell of the help that has been received from using the Vegetable Compound. Both Mrs. Shoup and Mrs. Starnes were in a run-down condition which caused them much unhappiness. When women are suffering from lack of strength and from weakness, their own life and that of their family is affected. When they feel well and strong and are able to do their household easily, happy hours are the result.

RODEO

THEIR marriage was foredoomed to failure. Their natures were opposite as the poles: David, a quiet, unassuming, heavy-set man; Belle, a vivacious, reckless and vibrant.

He was deliberate, she impulsive. Love came to him heavily. It burst upon her with all the flaming glory of a rocket. He entered into marriage thoughtfully and methodically. She gave herself to love thoughtlessly and recklessly, with never a thought of anything save the glorious present.

She was happy on his magnificent ranch. She herself had been born on the range, and her horizon had always been the juncture of prairie and sky. The romance of the West was in her blood. She reared over the plains like a wild thing, drunk with the wine of the open; he rode

well but slowly, sitting his mount not because of his chief against her with stolid certainty.

It was said of the girl that at thirteen years of age she was the best rider in the county, man or woman. At twenty she was a marvel. Hardened cowboys boasted of her daring and were afraid for her. There was no horse too vicious for her. She related dangerous combat and never failed to emerge triumphant. It was shortly after her marriage to David that the first rift appeared. He chided her for a particularly foolish ride. She was successful—at least she had ridden a red-eyed pony which had resisted the best of the outfit's most skillful riders.

—carry more life insurance

Ninety-four per cent of the men who carry life insurance leave barely enough to clean up old debts.

Only four and one-half per cent leave sufficient insurance to sustain the widow and children in comfort.

Carry enough life insurance—and to prevent it from being wasted, create a life-insurance trust for your beneficiaries.

WASHINGTON, Mayo 3.—Cuando los ingenieros y contratistas encargados de poner el nuevo lecho en la Casa Blanca comenzaron a desmenuar el viejo, que tenía ya un siglo, descubrieron que no había sido falsa la alarma motivada por el resaca de la estructura de la casa.

PLAYWRIGHT CORRECT ON RED-HEADED GIRLS

NEW YORK, May 3. (P)—There are just as many red-headed girls in this town as there are white horses. If a test made on a wagon's proof, Langdon McCormick, playwright, won \$10 on the short end of a 10-to-1 bet with John P. Stull, electrical engineer, thereby showing, he thinks, the superiority in one respect of Alton College over Massachusetts Tech.

REHEARSING DENIED IN FIGHT

WASHINGTON, May 3. (P)—The Victor Talking Machine Company, which recently lost a decision to the Brunswick-Balke-Clender Company and John B. Browning in a fight over rehearsing today by the Supreme Court.

TEX TO USE RADIO CHAIN

NEW YORK, May 3. (P)—Having discovered that radioacting of his fights by his own station has increased attendance by women, Tex Rickard is to have future events at Madison Square Garden put on the air via the big chain broadcasting chain, instead of W.M.C.O.

ERROR ON SHINERS COSTLY

NEW YORK, May 3. (P)—Thousands of bootblacks have lost money because they were erroneously informed that the Legislature had forbidden Sunday shiners. For three Sundays they closed up. Then they found a bill had been introduced but not passed.

Joshua Little
On the Wolf at the Door

Lawyer: I advise you to send this man a polite note.
Client: All right, I'll do it. How do you spell blackboard?
Mrs. Pettit: 1641 Claremont Drive, Pasadena, Cal.

Newsdays: the only time a horse gets scared is when he sees another horse.
Bernice Love: 2418 Montclair street.

Flapper: That picture shows a cowboy.
Aunt: There ought to be a law against such shows.
J. S. Otter: 4857 Clinton street.

"It was such a small town," explained the motorist, "that one side of the sign read 'Welcome' and the other side read 'Come Again.'"
E. D. Yale: 1149 North Eighth street, Colton, Cal.

She: We've been waiting a long time for that mother of mine.
He: Hours, I should say.
She (repeatedly): Oh, George, you are so dumb!
Virginia Gentry: North Citrus avenue, Covina, Cal.

An optimist: is a fellow who goes camping in the mountains in May with one blanket and wearing B.V.D.'s.
Willie Smith: Carpage, Inyo County, Cal.

"Is a better a pig or a sheep?"
"To tell the truth, I don't know a thing about poultry."
Blanche Holt: Anna, Riverside County, Cal.

THE modern wolf at the door doesn't howl. It hoots.

It reminds us of the young lady of Niger who smiled as she rode on the tiger. We ride it joyfully, but it often proves a man-eater.

Everybody who can afford it and make good use of it ought to have a car. It's the age's greatest contribution to business and pleasure. But nothing is impossible in this country. It's amazing how many folks who can't possibly afford cars do.

People who can't afford a baby buggy somehow afford limousines. If sedans needed papering, half the people who ride in 'em could paper on with unpaid grocery bills.

Talk about philanthropy! How many of us gladly give our mites to help some motor magnate who is struggling along with a mere million?

But it isn't pure charity. It's pure democracy. We want to feel like lords, no matter what it costs.

A few drinks used to make us feel lordly, but now it takes a seven-martini dinner.

Yes, Palomine, the wolf doesn't wear sheep's clothing now. It wears a crested hood and a coat of shiny enamel. But what long teeth it has!

General Motors Strong After Early Loss

NEW YORK, May 3.—(AP)—The stock market today was at a low ebb, continued easy credit conditions contributed to a firm undertone. There were a number of substantial gains, and several high for the year, or longer, were attained.

Much of the demand centered in railway mortgages, among which advances of a point or more were numerous. Missouri Pacific 5s, however, moved against the general trend in further reflection of damages sustained in the Mississippi flood area. New 1927 peaks were reached by Chicago and Eastern Illinois 5s, Chicago Great Western 4s, Chicago Indianapolis and Louisville 4s and Louisville and Nashville 4s.

Nearly \$2,000,000 of Brooklyn-Manhattan Transit 6s changed hands around 100 7-8, coincident with the public offering of \$10,252,200 of the bonds recently purchased by New York bankers from the War Finance Corporation. The issue was promptly oversubscribed at 101 3-4.

A few industrials displayed strength, but trading was on a limited scale. White Sewing Machine 4s, with warrants, established a new high and Dominion Iron and Steel gained 2 points.

A feeling of growing security in the Japanese financial situation led to increased demand for Tokio 5s and Tokyomans 6s.

The United States government issues were irregular.

The conditions reported today (the business of today) and the high low closing price in the open market. The following table shows the high and low and close for the day.

New 1927 peaks were reached by Chicago and Eastern Illinois 5s, Chicago Great Western 4s, Chicago Indianapolis and Louisville 4s and Louisville and Nashville 4s.

Nearly \$2,000,000 of Brooklyn-Manhattan Transit 6s changed hands around 100 7-8, coincident with the public offering of \$10,252,200 of the bonds recently purchased by New York bankers from the War Finance Corporation. The issue was promptly oversubscribed at 101 3-4.

A feeling of growing security in the Japanese financial situation led to increased demand for Tokio 5s and Tokyomans 6s.

The United States government issues were irregular.

NEW YORK, May 3.—(AP)—The stock market today was at a low ebb, continued easy credit conditions contributed to a firm undertone. There were a number of substantial gains, and several high for the year, or longer, were attained.

Much of the demand centered in railway mortgages, among which advances of a point or more were numerous. Missouri Pacific 5s, however, moved against the general trend in further reflection of damages sustained in the Mississippi flood area. PAN AMERICAN BANK OF CALIFORNIA, TRUSTEE

The following information has been summarized from a letter from Mr. H. R. Struthers, President of Pacific Dairy Products Company:

BUSINESS: Pacific Dairy Products Company was organized under the laws of the State of Delaware in March, 1926, and thereupon acquired control through stock ownership of National Ice Cream Company, established in 1906, the largest producer of ice cream in the West. Thereafter the Company purchased outright the business and property of Acme Ice Cream Company, the second largest company of its kind in Central California, as well as that of several smaller concerns. Great economies have been effected in the conduct of the business, and today Pacific Dairy Products, through itself and controlled companies, handles over 2,000,000 gallons of ice cream annually, with creamery sales, represents an annual volume of over \$3,500,000. The area served by the Pacific Dairy Products Company and controlled companies is an extensive one embracing the most populous districts of the central part of California, including San Francisco, Oakland, Berkeley, Alameda, Palo Alto, San Jose, Santa Rosa, San Raphael, Vallejo, Monterey and Ukiah.

EQUITY: Net assets of the Company applicable to this issue, based upon the report of the American Appraisal Company, as of March 14, 1927, were \$1,551,495.31, a ratio of \$3.878 per \$1,000 of debenture bonds. These bonds are followed by 5000 shares (\$100 preference) first preferred stock and 9219 shares (\$100 preference) participating preferred stock, on which cash dividends of \$7.00 per annum are being paid; and by 25,000 shares of Common Stock which has a net worth of \$304,072.43, as per report of Logan & Logan, Certified Public Accountants.

EARNINGS: Net earnings after all taxes, but before depreciation, for the period of seven and one-half months ended December 31, 1926, amounted to \$140,968.71.

We offer these bonds when, as and if issued and received by us, subject to prior sale and subject to the approving legal opinion of Messrs. Janeway, Beach & Pratt, Los Angeles.

BUSINESSMAN DIES IN MOTOR ACCIDENT

Claim for Use of Reserve Opposed

Involves Demand for \$2,130,000

Holds Judgment Would be Inequitable

Los Angeles, May 7.—A prominent businessman died in a motor accident yesterday morning. The death was the result of a collision with a car driven by a woman. The deceased was a well-known figure in the business community. The estate has filed a claim for the use of a reserve fund, which has led to a legal dispute. The claim involves a demand for \$2,130,000. The court has held that the judgment would be inequitable.

WAR ON LAND FRAUDS

Government Campaign in Spanish Grant Cases Disclosed on McNabb Return

Los Angeles, May 7.—A government campaign against land frauds in the Spanish Grant cases was disclosed yesterday by the return of Attorney General McNabb from his tour of inspection in the Southwest.

Attorney General McNabb reported that the government has been successful in exposing several cases of land fraud. The cases involve the illegal acquisition of land in the Spanish Grant area. The government is taking action to recover the land and punish the fraudsters.

The government is also taking steps to prevent future land frauds. The campaign is part of a larger effort to protect the public interest in the land. The government is working closely with the local authorities to ensure the integrity of the land system.

Government Campaign in Spanish Grant Cases Disclosed on McNabb Return

Los Angeles, May 7.—A government campaign against land frauds in the Spanish Grant cases was disclosed yesterday by the return of Attorney General McNabb from his tour of inspection in the Southwest.

Attorney General McNabb reported that the government has been successful in exposing several cases of land fraud. The cases involve the illegal acquisition of land in the Spanish Grant area. The government is taking action to recover the land and punish the fraudsters.

The government is also taking steps to prevent future land frauds. The campaign is part of a larger effort to protect the public interest in the land. The government is working closely with the local authorities to ensure the integrity of the land system.

DENIES DECREE IS WEDDING PRELUDE

Le Baron Has Plans for Productions of Company During Coming Season

Change Made to Forestall Long Legal Battle

Actress, Garbed in Black, Appears in Court

William Le Baron, recently appointed vice-president of the Film Booking Office, cinema producing concern, arrived here yesterday from New York. He brought with him plans for productions for the coming season, and will remain here permanently to work with Ed King, another vice-president, who has been in charge of the local studio.

Leading the production schedule for the coming season is a list of twenty westerns, pictures featuring cowboy stars. This number of pictures, which will make F.B.O. one of the foremost producers of the western type of picture, calls for the establishment of two new units at the studio.

Bob Reed, western actor, will be featured in one of the new units. Bob Reed will head a second. The third unit, which has been chosen by Le Baron, who is at the Ambassador with his wife, will make his home here. He is well known in motion-picture circles in New York, having been engaged in the business there for several years. He recently gave up a post as executive producer with the Paramount-Famous Players-Lasky Corporation.

The marriage, however, is doing business in the same old way, according to the statement yesterday of Miss Emma Higgins, in charge of the office, who has received numerous inquiries in respect to the bill of Assemblyman Rochester, which provides that five days' notice of intention to marry be given before the license is issued.

The bill has passed both the Senate and Assembly and now rests on the Governor's desk awaiting signature. If it is signed it will take effect ninety days after signature. In urging adoption of the bill before the Senate, Higgins said that the Rochester bill assured him that in case of its enactment, the author, a Los Angeles man, will be the first to take advantage of it.

NEW CHARGE IN ACTOR SLAYING

Indictment of Doctor and Mrs. Raymond Altered

Change Made to Forestall Long Legal Battle

Actress, Garbed in Black, Appears in Court

In order to forestall a possible lengthy legal battle over technicalities, a new indictment was filed yesterday against Dorothy MacKaye, Raymond and Dr. James Sullivan, charging them with withholding information as to the true cause of the death of the actress's husband on April 19, last.

Paul Kelly, seven actors who have been brought to trial next Monday on a charge of murdering Raymond by beating him to death in the Raymond home.

Mrs. Raymond, and Dr. Sullivan were to appear before Judge Burnell yesterday to plead on the original charges. By indictment, committing a felony and conspiring a felony in connection with Raymond's death, Dep. Dist. Atty. Forrest Murray and George Kemp were granted permission to substitute the new indictments covering the same charges in a manner calculated to obviate possible legal arguments and demurrers directed at the old indictment.

Mrs. Raymond, garbed in black with a heavy black veil hung back from her face over her hat, and in court, her face looking somewhat weary, she had spent the night weeping. A woman friend, who stood next to her held a handkerchief to her eyes.

The indictment charges that Raymond was murdered by the defendants, who were charged with withholding information as to the true cause of the death of the actress's husband on April 19, last.

When the case on the original indictment was called, the defendants were charged with withholding information as to the true cause of the death of the actress's husband on April 19, last.

'GYMKHANA' INTRODUCED BY COLLEGE

Riding Exhibition to be Feature of Women's Day on Pomona Campus

Twenty-three women horseback riders at Pomona College, four of whom are Los Angeles girls, will take part in the annual Pomona College Gymkhana, or riding exhibition, to be presented on the afternoon of the 7th inst., in connection with the annual Southern California women's day events at Claremont. The exhibition will be given on the campus near Football Boulevard in Claremont.

Six events are carded, including a showing of three-gaited horses in drill formation, elementary jumping, water races, an informal showing of stock horses demonstrating the figure eight, Virginia reel and grand march, a stake race for stock horses or polo ponies, and a musical chair contest. The gymkhana was placed on the women's day program for the first time last year on an unpretentious scale. Saturday afternoon will be the first formal demonstration of the year. California high school women will be honored guests at all women's day events, closing with the annual May mask in the evening.

Students taking part in the exhibition are Marion Cox of Tombstone, Ariz.; who is in general charge; Clara Reed, San Diego; Elsie Hill, Claremont; Helen Gibson, Los Angeles; Katherine Palmer, Claremont; Ruth Guntler, Long Beach; Anne Alkire, Pomona; Beatrice Johnson, Los Angeles; Mae Bradshaw, Monrovia; Ruth Lowry, Phoenix; Charlotte Moulton, Tulsa; Ruth Andrews, Claremont; Katherine Brown, Claremont; Marion Elliott, Los Angeles; Jane Martin, Southern Pasadena; Louise Maxwell, Los Angeles; Marion Scooby, Redlands; Dorothy Shelton, Pomona; Dorothy Smith, Claremont; Helen Rittenhouse, San Diego; Helen Frampton, Claremont; Marjory Jennings, Los Angeles, and Louise Ward, Hemet.

NEW ENTRY IN CINEMA PRODUCTION

Educational Films Chief Will Announce Plans at Convention Here Today

Announcement that Educational Film Exchange, Inc., will become a producing as well as a distributing organization will be made today at the opening session of the annual convention of the Educational Film Exchange, Inc., at the Hotel Hamilton in Los Angeles.

The announcement will be made by E. W. Hammond, president of the organization. It was stated yesterday, the organization has been a distributing medium for several brands of comedies. An amalgamation of affiliated interests recently was completed and is ready to go into operation. Production under the new arrangements will begin next week at Educational studios, 7250 Santa Monica Boulevard.

Hammond states that the 1927-1928 releasing program started in August, will include 140 comedies and novelties, in addition to the Kinograms brand. All the comedies, it is said, will be made here, a few features to be produced in the East.

The program includes eight Lasker comedies, eight Lloyd Hamilton comedies, six Dorothy Devore comedies, eight Larry Benson comedies, six Lasker comedies, twelve Mervyn films, eight Big-Boy juveniles, twelve Hodge-podge, twenty-six Felix the Cat cartoons, thirty-two sketch comedies, twelve curiosities and 104 news releases.

The convention will contact business sessions today and Thursday.

Sponsors Give Purse List for Coliseum Rodeo

Division of the awards in the record-breaking purse of \$50,000, the largest ever posted for a three-day event of the character anywhere in the world, for which the foremost bronco riders will compete in the Los Angeles Rodeo the 20th to the 22nd inst. in the Coliseum, was announced yesterday by W. W. Wilson, president of the Los Angeles National Horse Show Association, sponsoring the affair.

The interest of the spectators during the three days and nights of competition will center in the cowboy's bronco riding contest, an unlimited event for a purse of \$3000.

Second in interest will be the first championship steer roping and tying contest to be staged in Los Angeles for a purse of \$1750.

The program includes cowboys' calf roping, for a purse of \$1750; steer stopping, \$1500; cowboys' relay, \$1500; cowboys' Roman standing race, \$1000; pony express, \$1000; wild horse race, \$700, and cowboys' bareback bronco riding, cowboys' steer riding, and other events for special prizes.

Apartment and Hotel Men Back Valentine Race

Unanimous endorsement of Dudley S. Valentine for judge for office No. 5 has been voted by the Co-operative Apartment and Hotel Association at its monthly meeting, according to the president, J. Bruce Goddard. In backing Mr. Valentine's candidacy, the organization stated: "We have made a complete investigation of Valentine's record and without a dissenting voice we are glad to recommend such an able lawyer, an honest, constructive thinking citizen, as we find Dudley Valentine to be. The board members of our society feel that the bench needs men of Valentine's caliber."

Mr. Valentine is a candidate on the ballot at the election for the judgeship now held by George S. Richardson. This contest will be decided today as Valentine and Richardson are the only candidates for this judgeship.

CLIFTON SIGNS WITH DE MILLE

Director of "Down to the Sea in Ships" Again at Sea; Hobart Henley Will Direct Corinne Griffith; King Vidor and Wife Leave for East

BY GRACE KINGSLAY

That expert on deep-sea-going history and etiquette, Elmer Clifton, has been signed to produce a sea story for the De Mille studios. As you will doubtless remember, Clifton directed "Down to the Sea in Ships," one of the greatest sea pictures in screen history.

Just what the picture will be which Clifton will make for De Mille is yet decided by the studio officials, but it is certain, they say, that Clifton will be given an opportunity to put to good use all his intimate knowledge of sea which he obtained during the four-months' cruise on a whaler while filming "Down to the Sea in Ships."

And as the studio owns two perfectly good clipper ships, it would seem like sailing straight in the face of Fate to make a sea story.

The director himself is understood, is to have a good deal to do with the writing of the story, which will be an original.

Clifton has had a wealth of experience, both as director and actor. He assisted D. W. Griffith in the production of "Intolerance," "The Birth of a Nation" and "Way Down East," besides directing Dorothy Gish in several pictures and starting Priscilla Dean on her way to stardom in "The Two-Souled Woman." His experience as an actor includes leading roles with Lillian Gish, Dorothy Gish, Mae Marsh, Constance Talmadge, Norma Talmadge and other stars.

Clifton recently returned from a trip around the world, during which he obtained footage of many odd corners of the Far East for possible use in future productions.

Corinne Griffith's Director
As soon as Corinne Griffith settles on a leading man and a cast she can start work at once on "The Garden of Eden," for which June Mathis wrote the story. She is expected to return to the screen in "Ban Hui" yesterday signed her director, who will be none other than Hobart Henley, Joseph by Metro-Goldwyn-Mayer to make this production for United Artists.

Henley has been responsible for many M-G-M. successes, and it is said that his talents are particularly suited to the direction of the present picture, which he anticipates most pleasantly.

"The Garden of Eden" will be Miss Griffith's first United Artists picture, and she is delighted with having been able to select her own story. She lately returned from abroad, and says that, being refreshed with her long rest, she is impatiently awaiting the day when she shall start work.

Walter Morosco is acting as production manager for Miss Griffith.

Kathleen O'Connor to Travel
Mrs. Lynn Reynolds, known professionally as Kathleen O'Connor, and who recently was widowed when Reynolds passed tragically away by his own hand, is to accompany Tom Mix to Europe when Mrs. Mix leaves about the middle of the month.

She will probably go into pictures abroad, she stated the other day. "I have friends in Munich, and I have an offer to appear in pictures made in Berlin," said Miss O'Connor. "It is likely that I shall accept it."

Director and Cast All Set
The re-signing of Frank Capra for First National-Robert Kane for "Hell's Kitchen" is a decided advance step for the youthful director, who is now in charge of the production of "The Great Dictator," a picture which will be made in Berlin.

Capra will return to Los Angeles immediately after he has completed the First National production.

King Vidor Leaves
En route for New York, with several interesting stops in progress, King Vidor and Eleanor Boardman have started on an unusual trip incidental to the filming of his new Metro-Goldwyn-Mayer production, "The Crowd."

Their first stop will be at Chicago this week during the national motion-picture exhibitors' convention there, when Vidor will confer with prominent theatrical men.

Their second stop will be at Detroit, when Vidor will visit the huge Ford automobile plant, studying the details of mass production and large-scale industrial methods, which figure prominently in his new picture, a vivid drama of the life of a clerk, one of New York's teeming millions of workers.

Following this, the Vidor will proceed to New York, where they will film a series of scenes for the new picture, much of which has been completed at the studio. New York's crowds, its business streets at rush hours, its traffic congestion and other details of its daily life are to be filmed for the picture.

James Murray and other well-known players are in the cast with Miss Boardman as the heroine.

BY GRACE KINGSLAY

was trying to kill the chief engineer. They took the sun victim off at Colon and locked him up there, let us hope, in the cooler!

A title-writer's researches naturally include language, and Boylan finds that the Mexican-Spanish which passes current out here doesn't work farther east, viz., in Cuba. He asked a Havana cab driver to take him to the monument commemorating the Maine, and cabby went into a store and bought Mike an umbrella.

At the Fox New York studios Boylan is titling "The Joy Girl." He expects to return to Hollywood about the middle of May.

Twins for "Our Gang"
Two youngsters, twins, who have never been spanked, it is said, for any mischief, are due to find out all about mischief. They have been signed up by Ray Roney to appear in the "Our Gang" kid comedies.

The names of these two paragon are Richard and Robert Smith. In the comedy roles they are known as "Coolidge" and "Tummy."

Vera Veronina Injured
Vera Veronina, playing opposite Ray Griffith, has a sprained shoulder as the result of a fall from the basket of a balloon. She was playing scenes in a Paramount picture when the accident occurred.

Bushman to Travel
Francis X. Bushman is going either to England or Canada. The star has the choice of either country immediately upon his return.

His present starring vehicle for Universal, "The Flag," which Ernest Laemmle is directing, is completed.

Arthur Maude, the prominent English director, who has recently completed "The Flag," a film of George Washington's life, in which Bushman plays the name part, has offered the star a three-picture contract to star in productions made in England. Another offer comes from Canada. Since his return to the screen in "Ban Hui" Bushman has completed six productions.

Gila Monster as Menace
Gila monsters, rattlesnakes, blaring sun and artificial wind will be some of the woes of Lillian Gish in the most uncomfortable location trip in her entire career, when next week she starts for the Mojave Desert, where the outdoor scenes in "Wind," her latest Metro-Goldwyn-Mayer vehicle, will be filmed.

But Miss Gish says that she doesn't mind it a bit. Indeed, she looks upon it all as an adventure. She has been on location in Italy and in many strange places, but this will be her first location in the middle of the desert.

The "Wind" company will camp in a desert location between Mojave and Barstow, on the floor of the desert, where the exterior in the new story, a vivid drama of the Texas plains with their intense wind-storms will be filmed. The story is an adaptation of Dorothy Scarborough's novel, and will be directed by Victor Heastrom, with Lora Hansen, Dorothy Cumming, Jennings Love, Edward Earle, William Orlan and others in the cast.

The company will camp in tents and cars during the two weeks in the desert. This part in the drama will be played by a wind artificially created by wind machines. In fact, the interesting thing about the trip from the mechanical standpoint will be the huge machinery to be hauled into the desert to raise imitation storms. This is a piece of studio engineering carried out on the largest scale, it is said, in screen history.

Additions to Paramount Cast
Three of the screen's most famous character actors were yesterday added to the cast of "Ten Modern Commandments." Either Ralston's latest starring vehicle for Paramount, to be directed by Dorothy Arzner.

Maud Trux, Romaine Fielding and Blanche Payson are the names which will be used in support of the blockbuster, according to an announcement made by B. P. Schulberg, associate producer.

Mad Hamilton
It is to be seen as Miss Ralston's leading man, this selection having been made last week.

Prefers Part in Character to Hero Lead
Paul Fir, who is seen as Roxie Hart's "meal-ticket" husband in "Chi-cago," now in its seventh week at Macdon's Music Box, has no ambition to be a leading man. The parts given to the matinee idols as a rule are so simple and devoid of character possibilities that they offer no incentive to the actor, according to Fir.

"I'd rather play a good character role than anything else," says Fir. "The character role does not necessarily have to be a lead, but a part in which the actor needs more than make-up to adapt himself to the role. He has to visualize clearly the character, and play him accordingly."

"I like a part something like the one I have in 'Chicago.' This fellow is sap, pure and simple, and even when he goes start to assert himself once or twice, the spark of revolt is quashed as quickly as it is generated."

LENORE ULRIC TO TRAVEL WESTWARD
Lenore Ulric will appear at the Orpheum here in the very near future, according to a wire from the Orpheum circuit booking department in New York yesterday. Miss Ulric, who has achieved a greater popularity than ever in "Lulu Belle" in the East, will appear in an especially written sketch called "The Wolf's Cub," by Willard Mack.

CLIFTON SIGNS WITH DE MILLE

Director of "Down to the Sea in Ships" Again at Sea; Hobart Henley Will Direct Corinne Griffith; King Vidor and Wife Leave for East

BY GRACE KINGSLAY

That expert on deep-sea-going history and etiquette, Elmer Clifton, has been signed to produce a sea story for the De Mille studios. As you will doubtless remember, Clifton directed "Down to the Sea in Ships," one of the greatest sea pictures in screen history.

Just what the picture will be which Clifton will make for De Mille is yet decided by the studio officials, but it is certain, they say, that Clifton will be given an opportunity to put to good use all his intimate knowledge of sea which he obtained during the four-months' cruise on a whaler while filming "Down to the Sea in Ships."

And as the studio owns two perfectly good clipper ships, it would seem like sailing straight in the face of Fate to make a sea story.

The director himself is understood, is to have a good deal to do with the writing of the story, which will be an original.

Clifton has had a wealth of experience, both as director and actor. He assisted D. W. Griffith in the production of "Intolerance," "The Birth of a Nation" and "Way Down East," besides directing Dorothy Gish in several pictures and starting Priscilla Dean on her way to stardom in "The Two-Souled Woman." His experience as an actor includes leading roles with Lillian Gish, Dorothy Gish, Mae Marsh, Constance Talmadge, Norma Talmadge and other stars.

Clifton recently returned from a trip around the world, during which he obtained footage of many odd corners of the Far East for possible use in future productions.

Corinne Griffith's Director
As soon as Corinne Griffith settles on a leading man and a cast she can start work at once on "The Garden of Eden," for which June Mathis wrote the story. She is expected to return to the screen in "Ban Hui" yesterday signed her director, who will be none other than Hobart Henley, Joseph by Metro-Goldwyn-Mayer to make this production for United Artists.

Henley has been responsible for many M-G-M. successes, and it is said that his talents are particularly suited to the direction of the present picture, which he anticipates most pleasantly.

"The Garden of Eden" will be Miss Griffith's first United Artists picture, and she is delighted with having been able to select her own story. She lately returned from abroad, and says that, being refreshed with her long rest, she is impatiently awaiting the day when she shall start work.

Walter Morosco is acting as production manager for Miss Griffith.

Kathleen O'Connor to Travel
Mrs. Lynn Reynolds, known professionally as Kathleen O'Connor, and who recently was widowed when Reynolds passed tragically away by his own hand, is to accompany Tom Mix to Europe when Mrs. Mix leaves about the middle of the month.

She will probably go into pictures abroad, she stated the other day. "I have friends in Munich, and I have an offer to appear in pictures made in Berlin," said Miss O'Connor. "It is likely that I shall accept it."

Capra will return to Los Angeles immediately after he has completed the First National production.

King Vidor Leaves
En route for New York, with several interesting stops in progress, King Vidor and Eleanor Boardman have started on an unusual trip incidental to the filming of his new Metro-Goldwyn-Mayer production, "The Crowd."

Their first stop will be at Chicago this week during the national motion-picture exhibitors' convention there, when Vidor will confer with prominent theatrical men.

Their second stop will be at Detroit, when Vidor will visit the huge Ford automobile plant, studying the details of mass production and large-scale industrial methods, which figure prominently in his new picture, a vivid drama of the life of a clerk, one of New York's teeming millions of workers.

Following this, the Vidor will proceed to New York, where they will film a series of scenes for the new picture, much of which has been completed at the studio. New York's crowds, its business streets at rush hours, its traffic congestion and other details of its daily life are to be filmed for the picture.

James Murray and other well-known players are in the cast with Miss Boardman as the heroine.

Boylan Writes Hero
Judging from a letter just received from Malcolm Stuart Boylan, Fox title chief, his trip through the Panama Canal to New York will afford him authentic material for titling both comedy and dramatic situations. He will appear in an especially written sketch called "The Wolf's Cub," by Willard Mack.

Melodic Play

BY EDWIN SCHALLERT

It is described as a musical play,
but it is almost an opera. Music,
at any rate, is the predominant
source of interest in "The Vagabond
King."The plot is based on Justin Hunt-
ley McCarthy's romantic drama. If
I were King, in which H. H. South-
worth created screen history a quarter of
a century ago. The adaptation was
made by W. H. Post and Brian Hooker,
and the music was written by Rudolph
Frimal.There you have the facts if not
the conclusions regarding a costume
impression of medieval romance, in
which poet Francis Villon is the
hero.You may view "The Vagabond

STAR OF PLAYLucille LaVerne Scores in
"Sun-Up"Play Itself Builds Only to
Weak ClimaxIgnorance of Mountaineer
People Portrayed

BY GRACE KINGSLY

I felt after I had finished viewing
Lucille LaVerne's "Sun-Up" at the
Mason last night, like a small boy
who has been promised a shotgun
and finds placed in his hands at last,
after much anticipation, nothing but
a pea-shooter.Or, to reverse the simile, Miss LaVerne
brings down fire with cannon-
balls!A play that is a charming, natural,
vivid, realistic play through two and
a half acts, promising every moment
to develop depth and fearless logic,
only to fall in the last few moments
into wishy-washy sentimentality,
that is "Sun-Up."The brilliant Lucille LaVerne
showed skill at characterizing an ignorant,
ferocious, proud mountaineer woman
of the remote South, and scored a
personal triumph with her compelling
clean-cut performance. And that
characterization is worth going miles
to see.The play itself—up to those
astounding last moments—is some-
times a little amateurish and stagy,
but is never hackneyed."Sun-Up" has to do with the life
of a strong-willed woman, a mother
and a widow, rebelling with an in-
herited, fanatical hate, against the
law; so that when her son is called
on to go to the World War, she is re-
spondent as one might imagine. The
law means nothing to her but
stupidity, blind hate, and tragedy,
for she stubbornly contends
that her husband, killed, presumably,
defending his moonshine activities,
was murdered by the law.She is entirely general, this woman,
—thinks that "France is some-
where beyond Asheville, maybe," and
believes bewilderingly that somehow
the war is still won "the Tanks."Her son goes and is killed, and a
very fine and poignant scene comes
about when Emma, her mother, so
speaks of the telegram informing
them of the lad's death.Comes at that moment to the house
for shelter a young doctor from the
army, for whom the woman is per-
fectly willing to shoot the sheriff
because he is hating the hated
law, and because he is going home
to see his mother. Then the long
and coincidental scene follows
in which the doctor is the son of
her husband's killer—the son of a
revenge officer. That's when she is
about to kill him, but—sweetness and
light—comes to the sturdy moun-
tain woman with the blood of gen-
eration of hardened fighters in
her veins, the sound of her son's
voice. Emma, the bride, has de-
serted her mother, and she is
much more logical, if the author felt
she must soften the mother, if the
message had come from Emma?I am sure that Miss LaVerne, at
the Mason will not agree with me,
however. They fairly ached at the
end of the play, and Miss LaVerne
made a very clever speech.The acting is effective, especially
by Emma Booth, who is more
and more, although she does put
too much make-up over her eyes,
and has her hair a little too cor-
rect. Miss LaVerne, quite natu-
rally may be drafted into pictures.
Her tenderness, her beauty, her appeal,
all most effective.The boy who plays Butte, too, Philip
Morris, is just bound to become
a movie star—bigger. And the
other players, including Don Travis,
as the half-wit, give a good account
of themselves.However, the players all talk too
much to the audience and too little
to each other in their scenes to-
gether.The spirit of Eugene O'Neill seemed
to help inspire the first two and
a half acts—and then that of Harold
Wright descended and all was
lost.Morosco Makes

AWARD WON BY SCIENTIST

Dr. Hale of Pasadena Given Gold Medal

Honor Comes from Famed Franklin Institute

Recognition of Discoveries in Solar Physics

PASADENA, May 2.—Dr. George Ellery Hale of Pasadena, noted scientist and former director of the Mt. Wilson Observatory here, has been awarded the gold medal of the Franklin Institute of Philadelphia in recognition of his many important discoveries in the field of solar physics, according to word received here from Philadelphia.

The gold medal is the highest honor that the Franklin Institute can bestow and was granted for Dr. Hale's invention of the spectroheliograph and other basic astronomical instruments and for other work along these lines, according to reports received here.

Dr. Hale is in the East at present and consequently could not be reached here today to comment on the award. The Franklin Institute last spring presented him with the Elliott Cresson medal for his researches on the sun.

In the course of his long and internationally famous scientific career, Dr. Hale has received the Janssen medal of the Paris Academy of Sciences, the Bessel medal of the Royal Astronomical Society, the Bruce medal of the California Academy of Sciences, the Draper medal of the National Academy of Sciences, the Gold Medal of the Royal Astronomical Society, the Gold Medal of the Royal Society of London, in addition to the Order of Leopold of Belgium and the Order of the Crown of Italy.

At present he is chairman of the National Research Council. Dr. Hale was formerly associated with the Yerkes Observatory of the University of Chicago and since his retirement from the observatory he has continued his researches privately.

Dedicate Grove to Memory of Luther Burbank

BAKERSFIELD, May 2.—The memory of Luther Burbank, famous naturalist, will be commemorated through the years in the sanctuary of the place at Fraser Mountain by the Burbank Memorial Grove which was planted yesterday by the Bakersfield Garden Club and the Santa Rosa Flower Lovers' Club in the presence of Mrs. Burbank and 200 persons representing Kern county, Santa Rosa and Pasadena. In addition to the grove of eighteen trees planted in tribute to Mr. Burbank, there were as many other trees planted by various local organizations.

A bronze plaque, marking the dedication of the grove to Mr. Burbank, was sent by the residents of the naturalist's home city, Santa Rosa, and placed in the sanctuary during the ceremonies.

The delegation, including Camp Fire Girls and Boy Scouts of the Bakersfield district, members of the Native Daughters of the Golden West, the American Legion, the Bakersfield Ministerial Union, guests from Santa Rosa, Los Angeles, Pasadena and other places, gathered at the site shortly after noon for the dedicatory ceremonies.

Dr. W. H. White, president of the Bakersfield Ministerial Union, presided, and delivered the dedicatory address.

THREE CARS IN CRASH

Woman Badly Hurt in Accident at Glendale

GLENDALF, May 2.—In a three-car crash at the intersection of Chevy Chase Drive and Verdugo Road today Mrs. Ruthie Gomez, 40 West Forty-eighth street, Los Angeles, suffering from shock, severe lacerations about the face and from cuts by flying glass, was rushed to Glendale Research Hospital for treatment. J. A. Grossman of Bell, the driver of the car in which Mrs. Gomez and her sister, Miss Jennie Escobito, were riding, escaped unhurt when his car turned over, but a valuable police dog he had in his car had its leg broken. When the Grossman car struck the Escobito machine the latter was hurled against a third car driven by W. H. Robinson, who was also unhurt. Mrs. Gomez was killed in an automobile accident six months ago.

GIVES EXPENSE FUND TO FLOOD SUFFERERS

HERMOSA BEACH, May 2.—The question of a fund for the relief of the Mississippi flood sufferers was brought up in the meeting of the Hermosa Beach Kiwanis Club today when S. H. Bellman, district trustee of the club, offered to forego a fund of \$75 which had been set aside to help defray his expenses at delegate to the international convention at Memphis if the fund be turned over to the Red Cross.

The Kiwanians also voted unanimously to assist the Hermosa Beach Minstrel in their musical program which is to be given in Thursday night for the same cause. James Dooley was chairman of the day, having as his speaker Oscar Seiler of Long Beach and as soloist Mrs. Quetta, a KKK artist, accompanied by Mrs. Viola Niland.

CONGRESSMAN FETTERED

BAKERSFIELD, May 2.—Plans are being completed today for the banquet and reception in honor of Congressman Henry E. Barbour, in Hotel El Teton Wednesday night. It was announced today that the banquet, which will be held at the hotel, will be attended by representatives of all veterans' organizations of the county, it is planned.

Driver Jumps from Seat, Falls Down Mountain Side and Stops Machine

BAKERSFIELD, May 2.—A mad ride down the mountain slope below White Wolf grade on a runaway tractor and a narrow escape from death when the lumbering mass of steel commenced hurtling over end, was related today by Albert Currow of Bakersfield.

Saturday Mr. Currow was driving a country Caterpillar tractor in building the White Wolf grade, connecting Arvin and Tachapapi. His big machine had been attached to a large boulder in the road and, anticipating a hard pull, Currow gave the machine a full throttle. Workmen were terror-stricken when the connecting chain snapped and the machine made a lunge toward the edge of the grade, hesitated for an instant and disappeared over the side in a cloud of dust.

For a few yards the tractor skidded on its endless tracks and just as Currow leaped clear of the pilot's seat the machine careered and commenced rolling and bounding to the bottom.

As Currow picked himself up, uninjured, he saw his tractor right itself at the bottom of the declivity and commence wadding off in a cloud of dust.

PLACE OF MEETING LEFT TO COMMITTEE

GLENDALF, May 2.—Decision as to the convention city for 1928 will be left to the executive committee of the Los Angeles County Christian Endeavor Union, it was announced at the close of the thirty-fifth annual convention last night after a session of the association, representing churches of various denominations from all over the county, had concluded their three-day session.

Registration at the convention was 2774, with the visitors who were not accredited to the session, running this number well over 5000. The Presbyterians led the list with 899 attendees, the interdenominational bodies being second with 255, and the Christian Church sending 248 delegates.

Churches in several counties outside of Los Angeles county sent representatives to attend the conference, which is declared by officials of the union to be the greatest ever held in its history.

SERVICES FOR PIONEER

TUSTIN, May 2.—Funeral services for Mrs. Evelyn M. Laurence, 80 years of age, who died at her home in Tustin last night, will be held Tuesday afternoon at 2 o'clock from the Smith & Tutill funeral home in Santa Ana. It was announced today.

Mrs. Laurence had resided in Orange county for the past forty-five years and had lived in California for the past sixty years. She came to California in 1862 with her husband in a covered wagon from Arkansas. She is survived by one daughter, Mrs. Edna Swanson of Newport Beach, and one son, Adam Laurence of Tustin. Interment will be in Fairhaven Cemetery. Her death followed a long illness.

KILLED BY AUTOMOBILE

MONROVIA, May 2.—Injuries sustained last night when he was thrown from the pavement by an automobile while riding a bicycle at the intersection of Olive and Arroyo roads, south of Arcadia, proved fatal to H. Ure, 64 years of age, a Japanese rancher of El Monte, who died at the Monrovia Hospital last night without regaining consciousness.

SCHOLAR SUDDENLY STRICKEN

Col. Edward E. Ayer Taken to Hospital in Pasadena for Operation

PASADENA, May 2.—Col. Edward Everett Ayer, noted philanthropist, scholar, California pioneer and director of the Field Museum, Chicago, was rushed to the Pasadena Hospital from the Hotel Huntington early today for an emergency operation, made necessary by a severe intestinal disorder.

Despite Col. Ayer's 86 years, his condition was reported by hospital authorities late today to be "very satisfactory." He was taken seriously ill during the night at his home at the Huntington, where he and Mrs. Ayer live during most of the year.

Col. Ayer has made gifts to the University of California to further research projects and has made fifty-two trips to Europe to collect specimens and data for the Field Museum of Natural History in Chicago. He was the first curator of the institution. He first came to California in 1861, engaged in the lumber business here and later made his home in Chicago.

Glendale Man is Victim of Fatal Accident

GLENDALF, May 2.—Frank E. Edie, 45 years of age, of 618 West California street, was ground to death under the wheels of a freight train last night at the Western Pacific tracks.

Edie, who had been the subject of a search by the sheriff's office and the police of several cities since he disappeared in front of the train, but he was killed within five minutes of the time a radio message was broadcast over KJL asking that anyone who saw him notify the authorities.

Fireman L. J. Franklin, told the police who investigated the affair that until twenty-five cars had passed the double tracks as the train approached the crossing, and that the man had leaped in front of the train, but he was unable to decide whether Edie's death was due to a suicide attempt or whether he had been confused and leaped on the wrong track.

The conductor, S. Hayes, informed them that the train had not stopped until twenty-five cars had passed over Edie. Relatives identified the body after it had been taken to the Glendale City morgue for identification. Detectives Standford and Detective Webb.

Trout Season Opening Best in Many Years

VENTURA, May 2.—Countless streams from all sections of Southern California became "brothers under the skin" Sunday, when they shed the banks of every river, creek and trickle in Ventura county to inaugurate the opening day of the 1927 trout-fishing season.

It was the greatest day in the fishing history of the county in the number of persons who turned out today reported Game Warden Emrick, who, with five deputies, patrolled practically every stream during the day to give the luckless fish an even break in the sport.

However, the trout seemed to have gotten the better end of the deal for the few Ventura fishermen who welcomed the opening of the season reported any great success.

While the trout are reported to be larger this year, they are less in number. In the lower San Joaquin Emrick reported that there were at least 2500 fishermen who tried their luck.

CLEAR SITE FOR NEW POSTOFFICE

OKLAHOMA, May 2.—Today was moving day in Oklahoma, two buildings belonging to John Lagomarcino being moved to their new location on Main street. Preparations for their removal have been going on for two weeks.

Now that the buildings have been removed the new postoffice site is cleared and work can go ahead without delay. The site for the new three-story building is also nearly cleared. The Colonia Building being practically torn down. The new postoffice building will also contain two stories.

BAND WINS PRIZE

HANFORD, May 2.—There is much elation in the high school here today over the fact the school's band won first prize for best appearance in the two-mile-long parade in Fresno last Saturday, Rain Day. There were fifteen bands in the parade.

The boys had donned navy blue uniforms for the first time and attracted much attention along the line of march. The parade, presided over by Miss Esther Tilton of this county, will be brought here for the Pioneer Day parade next Friday.

SAN DIEGO TAXES LOWER

Equalization Board Cuts Property Values; Keeps Up Standard Set for Improvements

SAN DIEGO, May 2.—The city tax rate for 1927 will not be less than \$1.81 per \$100 valuation and probably will be \$1.90, City Assessor H. L. Moody said today, in announcing that he had fixed the total assessed value of city property at \$184,943,720. The rate, at either figure, will be the lowest since 1915.

A rate of \$1.83 will be necessary, Moody said, to care for the expenditure already contemplated in the city budget. If other requests made by City Manager Fred Rhoads and other department heads are allowed, the city will have to raise \$2,013,904. The total bonding margin of the city with the new assessed valuation is \$2,013,904.

POLICE HOLD DRUG CLERK

Start Investigation of Report Made That Man Was Forced to Open Strong Box

PASADENA, May 2.—After telling police that he was kidnapped late last night and forced by his captors to help them loot the safe of the Owl drug store at Colorado street and Los Robles avenue, F. L. Schullers, a clerk in the store, was arrested today and locked up for investigation.

Schullers reported that after he closed the store last night and started home, two men drove up beside him and forced him to get to the curb at Walnut street and Mariposa avenue. They ordered Schullers to return to the store, he declared. Thinking they were police, he asked to see their badges of authority.

"Here's our authority," Schullers reported that one of the men said as he showed a large revolver into the clerk's side. Keeping him covered by the gun, the men forced Schullers into their car, drove back to the store and made him open the safe, he stated.

They took two days' receipts, amounting to more than \$1000, the clerk said. Then they drove him back to where his car had been abandoned on Mariposa avenue, after trying a handkerchief around his mouth to muffle any cries.

A car which Schullers identified as that of the bandits was found this morning at Orange Grove and Linda Vista avenues. Schullers was arrested on the advice of Owl Drug Company investigators, who took him out of jail again with them tonight to check up further on his story.

Congress Fails to Pass Many Cases Up to Court

Only three cases were available for the court when it convened today to Judge Edward A. Tamm, chief justice of the United States, presiding. The court was expected to hear the case of the United States against the American Tobacco Company, which was brought by the government to try to secure the right to use the name "Camel" for its cigarettes.

Due to the lack of cases which were available for the court, the hearing was postponed to a later date. The court was expected to hear the case of the United States against the American Tobacco Company, which was brought by the government to try to secure the right to use the name "Camel" for its cigarettes.

Would a 5-Dress Wardrobe meet all your demands

ELSIE DE WOLFE, famed on two continents for her success as a decorator and her charm as a society leader, is acclaimed everywhere as one of the best dressed women of the day.

Yet her wardrobe consists of exactly five dresses!

How does she do it? Ah! it's all in the knowing how—and in this article Miss de Wolfe tells you the secret. Not

only does she describe in detail the five lovely costumes that carry her so triumphantly through every business and social occasion, she also shows you how you may have an equally effective wardrobe so easily and inexpensively. Read "My Five-Dress Wardrobe Meets All Demands", by Elsie de Wolfe, in the May issue of *The Ladies' Home Journal*, now on sale, ten cents.

FROM THE SLUMS, TO THE FOLLIES, TO GRAND OPERA

Mary Lewis, the charming star of the Metropolitan Opera Company, traces her meteoric career.

Dancing gleefully with her little "shanty Irish" playmates in the slums of Dallas... singing sedately in the Methodist choir in Little Rock... dazzlingly radiant on the stage of the Follies... taking her triumphant curtain calls at the Metropolitan Opera House—here's romance and the taste of life itself; the

inspiration of brave youth; and the undying thrill of victory!

Mary Lewis' own story, "From the Slums, to the Follies, to Grand Opera"—with every line pulsing to the throb of her vivid personality—begins in the May issue of *The Ladies' Home Journal*, now on sale, ten cents.

66 OTHER FEATURES IN THIS GREAT ISSUE

The most interesting fiction and special articles. Fashions for your summer wardrobe. Better Housekeeping hints for hot-weather tables. Needlework and Interior Decoration. Lovely Art Features, etc., etc.
